Commodity or Service Required (commodity class and group, manufacturer, model, and description, as appropriate): 95141700

Requestor (division, bureau, office, individual, as appropriate): Maintenance Office

Performance and/or Design Requirements (intended use, function or application, compatibility etc. requirements; reference to policy, rule, statute or other act of the Legislature, etc., as appropriate): Modular steel solutions that can address virtually any permanent bridging need to accommodate vehicle, rail, vessel, heavy haul, military and pedestrian traffic. Bridge designs must be customizable to achieve desired lengths and widths while also maintaining strength through the addition of prefabricated modular components. All bridge components shall be constructed entirely of high strength, high quality U.S. steel from ISO-certified mills and shall be hot-dipped zinc galvanized to prevent corrosion and allow for easy maintenance.

Intended source (vendor, contractor): Acrow Bridge

Price: \$950,000.00

Justification for single source acquisition (what is necessary and unique about the product, service or source; steps taken to confirm unavailability of competition, as appropriate): FDOT currently owns and utilizes proprietary Acrow 300 Series bridge components. To ensure all components of the existing systems remain universally interchangeable with proper fit and function, it is essential that all components be procured from Acrow. In addition, Acrow's warranty will be voided if non-Acrow components are used with existing Acrow 300 Series bridge components.

Approved By (names & titles, as appropriate to Post on Vendor Bid System (VBS), e.g., requestor, requestor management, information systems, budget, purchasing, DMS approver)
